

WMA[®]
PENS FROM GERMANY

Brand Catalogue

100% CARBON NEUTRAL PENS

Driven by the demand to produce high-quality and at the same time individual promotional writing instruments.

Literally committed to sustainability.

Sustainability – a topic that has been on umas' agenda for many years. This is reflected not only in our generation-spanning and future-oriented company history, but also in the innovative uma product ideas.

manufactured, pro-
cessed & delivered
climate-neutrally

To ensure sustainable development, an important aspect for us is to take a holistic view of the three components: economics, environment and society. In collaboration with Climate Partner, our factory in Fischerbach, Germany is 100% climate-neutral – this includes the processing of all uma pens. The unavoidable emissions are compensated through climate protection projects. We consciously focus on investing in our region. The forest protection project in Freiburg aims to protect our valuable rural environment.
